Critic on Hereafter

By Western scholars

Fredrick nietzsche did the following

Critical Answer to

Western Scholar:

As Thomas Hobbes explained in his book **Leviathan**. According to him, man is like an animal without check and balance. It can cause a great harm to the society. In the same way, if there was no check and balance, for instance, the concept of Hereafter. The man would become more ferocious than any other animal. Because all religion, including Hinduism believe in the concept of day of judgement. Hence, without the concept of hereafter, the society would be more atrocious than of forest.

critic on hereafter in his book Thus spoke
"Zarathustra"

"There is nothing like hereafter.
The concept of Phantom
God makes a human
being always worried
which impact on his
daily action. Thus, impact
of Phantom God resist

the best level of success."

Another concept which is commonly
known as **Passive nihilism**. it
believes

"There is no reward for
God deeds, there is nothing
like hereafter."

Conclusion:

Hereafter is the most important believe in Islam including many other religion. The concept of judgement makes an individual accountable in society, which creates a peaceful and cooperative society.
