Conclusion:-

~~However~~ the brain drain is increasing day after day by report of ministry of Interior around 75000 young professional migrated to other countries for betterment. This all brain drain is due to economical, social and political issues. Which created by high expense, low job opportunity and job security. Behind all society affecting moral, professionalism low ethnicity. While state holder is not focusing on political instability. All treats is for highly qualified, professional and family public at bad consequences. Instead of all conflicts the government need special workshop & focus to arrange workshop, seminars and advertise the professional talent and give respect to encourage them. Implementation of soft corner for professional educational, social, political judiciary and tax system for better standard life.

Please work on your language (write simple sentences)

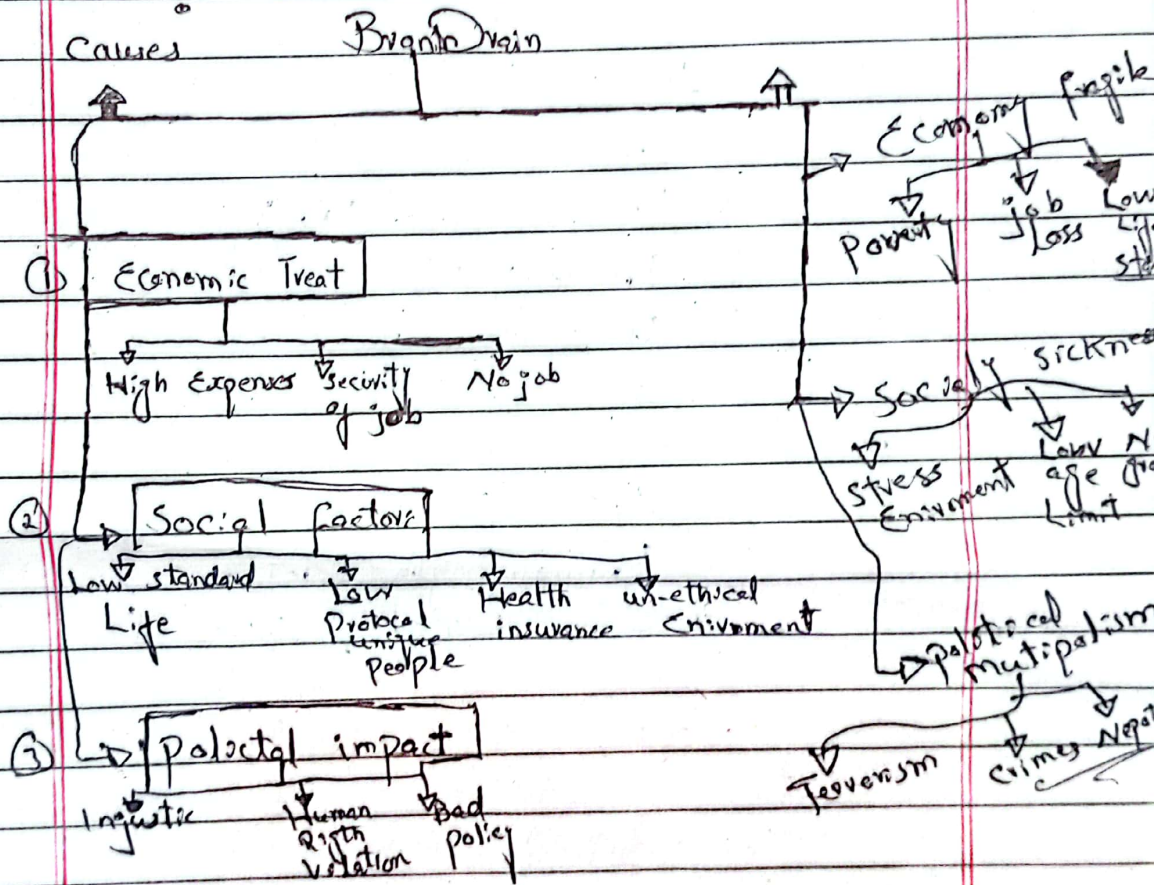

Be careful while writing to avoid structural and grammar mistakes in order to make them correct
