When the self-created issue of Kashmir was presented in front of United Nation for the solution, then this global representative institution by accepting the right of self-determination of Palestinians itself presented the formula for the resolution of the issue. Two state solution was presented, however, since the last seven decades, the practical implementation on need to have

these passed resolution is not felt.

On the contrary, till date with support of USA, Israeli forces are playing with the blood of innocent Palestinians and the area of Gaza is totally destroyed because of the war from last two months. In this war, Israeli forces with help of American weapons have brutally martyred twenty thousand Palestinians including women and children. Those who are left alive, no safe place is left and they are losing lives due to insufficient food and medicine.
