Title: Reading affects us

~~The~~ The author says everything affects us and the same situation in reading. It directly affects us by conventional examination of literary education.

~~The~~ The youngsters carried away the work of one poet and very soon the other. Owing to keenness to poetry in adolescent. As one author takes possession of us and so on after the other. Finally we start criticism which avoid us from possession by literary person. We should not abandon it, as it distinguishes others. Wide reading is not valuable but it is valuable in process of being affected by one after another. The very different perspectives of life and our own personality asserts itself peculiar to ourselves.
