Pakistan is determined for peace in Afghanistan. Because, peace in Afghanistan is extremely important for Pakistan. In the historical perspective, as a neighbour brother and Islamic countries, Pakistan and Afghanistan are connected in historical, cultural and linguistic relations. These are un-breakable relations. Both are dependent on each other and even can't survive lonely. Pakistan's stance has been remained the same that the Afghan problem should be sought out politically. China also favours this stance. In it, China has said that the solution of Afghan issue is possible only with the peace negotiations under the Afghan leadership. Pakistan and China will play their role in solving the Afghan matter with negotiations for strategic partnership.
