Title:

Democratic Ideology
and Faith in Individual
dignity.

Traditional democratic
Ideology emphasizing faith
in the inherent dignity
of the individual. It
underscores the preference
for governance through
persuasion rather than
selfishness and belief
all values are
tied to the love
of truth. This ideology
promotes using knowledge
and power for all,
rather than serving
the interest of privilege
individual. Democracy depicts
rational values at

of Information technology
has revolutionized our
lives. Information technology
has assumed an enabling
role in the emerging
dynamics of a knowledge
society and knowledge
economy. Artificial intelligence
and data analytics have
emerged as transformative
technologies in ~~Pakistan~~ the
world.
