

# World Peace is a Choice of Superpowers

## Outline

### 1- Introduction

Thesis statement: world peace is the choice of super powers.

Super powers have always been playing major role in disrupting peace. There is dire need of internal cooperation and diplomacy between superpowers and other nations

### 2- Factors responsible for chaos in the world

### 3- World peace is the choice of Superpowers

- Superpowers bear the primary responsibility for world peace
- Superpowers have significant economic, political and military influence
- They can set an example through diplomatic dialogue and cooperation
- Russia-Ukraine war
- Superpowers are escalating Palestine conflict

This is example/manifestation, not an argument

### 4- World Peace is not the choice of Superpowers

- World peace is responsibility of all nations
- The significant political, economic influences were used to resolve the conflict
- US-mediated between 2 conflicting parties to stop war.
- Role of superpowers in disarmament and non-proliferation
- Role of USA - to stop expansion of Russia

### 5- Collective responsibility of all nation for maintain peace

- Collective responsibility including developing countries
- Monopoly of superpowers in International organizations
- Superpowers started WWI and WWII
- Biased decision
- US defend Israel in Palestine-Israel wars.

### 6- Conclusion

Understanding of the topic is not correct  
The topic says whether it's the choice of super powers or not  
Choice doesn't mean responsibility
