World Peace is a choice of Superpowers.
Superpowers.
Outline
1) Intro: Superpowers disturb world peace
 by medding in the affairs of Sweets
states. To secure their national interests,
 superpowers have completely controlled
the autonomy of nations with soft and
hard power Peace in the world is possible
when superpowers act according to
when superpowers act according to the covenents of the U.N.O.
(Thesis Statement)
(2) How and why are superpowers
credited as destroyers of world peace.
(3) The interests of superpowers determine
the state of peace or conflict in the world
(3) The interests of superpowers determine the state of peace or conflict in the world. (Thesis)
(9) Superpowers have waged wars to secure
heir interests and destroyed world peace
(6) Wars Stimulate economic growth
of superpowers at the expense of world perce
of superpowers at the expense of world perco
hé U.NO ineffective.
1/1

(d) Superpower have given nuclear mightmare to the world (e) Superpowers (Great powers) divide world civilo camps and encouraged proxy wars (4) Peace is a responsibility of all slates of the world (Anti-thesis) (a) All states promote or destroy. (b) Superpowers promote co-percition because of inin-win situated (c) I mate structural flaws, lack of tesources and capacity issues make this bino ineffective. (d) Likewise superpowers, (mall states are nuclear threat to world security. (e) Domestic politics and interest of small and medium state tompel them to be part of proxy days. (5) Thucydides: "The strong do as they can, and weak suffer as they must be formed in medium states are nuclear to world security. (5) Thucydides: "The strong do as they can, and weak suffer as they must be formed in medium states are suffered as they must be dominated all others."	Date:	
mightmare to the world. (e) Superpowers (Great powers) divide world ento camps and encouraged proxy wars (4) Peace is a responsibility of alb States of the world (Anti-thesis) (a) All states promote or destroy world peace in a globalized world. (b) Superpowers promote co-percition because of inin-win situated (c) I mate structural flaws, lack of tesources and capacity issues make thi UNO ineffective.
