advancements

3.4.3 Stifled Creativity  
& ideas.

3.4.4 Delayed Economic  
& growth.

4. Conclusion.

# 1. Introduction:

"Brain drain is akin to a country losing its brightest minds, like a garden losing its most vibrant flowers. It leaves a void that is hard to fill, impacting the nation's growth & progress."

Brain drain is neither a new issue nor is it a fully settled one. Developed countries are dealing with it successfully. Whereas underdeveloped countries are still struggling. Unfortunately, Pakistan is one of them. The main causes behind Brain drain are socio-economic evils: Economic factors, Political instability, Lack of opportunities, & Social issues. These causes have drastic impacts;

Immediate consequences are  
 introducing experiencing skills  
 shortage, suffering economic  
 loss, contributing to Brain  
 Drain in other countries,  
 & hindering innovation  
 & development. These problems  
 are not descended from  
 heavens but they are man-  
 made. So, serious & honest  
 efforts are needed to solve  
 the issue of Brain Drain.  
 Therefore, the main aim  
 of this essay is to  
 discuss the causes  
 behinds brain drain along  
 with their consequences.
