Introductory Paragraph.

Pakistan is our country it has many problems. we need to fix them. we can do it if we work together. we need to make our economy strong, improve our schools, and encourage new ideas. we need to fix our roads, make healthcare better, and have an honest government. we should work with neighboring countries and save the environment. if we do these things,

Pakistan will be a better place. we will have jobs, good education, and healthcare. our country will be strong and prosperous. we need to work together to make it happen. we need to create jobs, improve education system, and promote new businesses. It will speed to grow our country. People are unhappy, but we have a hope. we can make a new Pakistan or better Pakistan. we have a lot of resources. Just we utilize have to utilize them.
