Introduction: Former Governor of Ohio, U.S. Ted Strickland once said, "I want to talk about jobs, health care and pension security or what we are going to stop brain drain in Ohio and make it possible for our young people to stay here and build a life in Ohio rather than West Virginia, Pennsylvania or God knows where."

It shows that Brain drain is neither a new issue nor a fully settled one. Developed countries are dealing with it successfully,

while developing countries are still struggling to resolve. Unfortunately, Pakistan is one of them. Brain drain has many causes like; lack of educational resources, effective jobs, political instability and poverty. Similarly, these reasons have great impact on economy crisis, loss of intellectual youth and so on. This issue is a man made so, honest efforts needed to resolve the issue of brain drain for the prosperity of Pakistan.
