

Pakistan's Informal Economy: The way Forward

1) Introduction:

'Pakistan's informal economy must be merged and documented with its formal sector to ensure equitable growth of its people and economy.'

2) A brief overview of the Informal Economy (IE)?

- What is the Informal Economy of Pak?
- Who makes up the IE?
- Why is it important?
- Share of the IE vs Formal Economy in GDP?
- Why does it even exist?

3) Formalizing the Informal Economy: How to move ahead at the State Level?

- Documentation of the Economy at both ~~G2G~~ G2G and B2B Level
- State Bank to regulate Cash in Circulation
- Raast and other initiatives to be fast tracked.
- Ensuring Equitable Access to formal banking channels for all
- Increasing the tax net and ^{ensure everyone is} ~~accounted~~ accounted for
- Capacity building at the Institutional Level and Personnel Level.

4) Formalizing the Informal Economy: How to move ahead at the Societal level?

- Ensuring Financial Education / Literacy of every member of society?
- Ensuring school curriculum is made with keeping mind the aspects of financial Education.

c) Societal Push for Inclusion of ^{every member} everyone
in Formal Economy!

d) Ensuring Penetration of Financial Services
and within the poorest segment?

et

Conclusion.
