Good and appropriate data

First come with education, women
facing difficulties in the provision
of education due to poverty. Pakistan
rank 145 out of 145 just above
Afghanistan from women education
Parents do not afford expansion
education due to poverty. They prefer
their son to send school. Because
they would help in future and they
involve girls in domestic chores.
Moreover, Patriarchal mindset also
affects women to get education.
For instance, they thought girls
are ^{has} gone after marriage. They not
invest their money on girls and
boys are support them in future
so they send their sons for getting
higher education. Secondly cultural
norms also hurdle for women.
The areas of widespread battle
are cause security concerning for
women. They face verbal language
harassment on the way to going
school or after coming home. For
instance, The continuous attack on

show serious security threats
for women. Next come with lack
of school, in rural area there
is no school for women. if any
present they have no facilities
in long distance parents are
to send their daughters due to
safety. For instance. women in
age 15 to 45 face harassment
at least once in life according
to aurat foundation. women face
harassment on the way of going
school on bus stops. in addition
to lack of female staff in
schools which makes girls
uncomfortable. For instance the
ratio of female teachers is
42% and male 57% in urban area
it is reduced in rural area 32%
according to ministry of federal
education.

~~Secondly, health facilities~~
~~management in Pakistan is not~~
Health facilities for women are inadequate
due to poverty cultural norms

and lack of awareness. First ~~come~~
with ~~mortality~~ mortality is the
leading cause of death in Pakistan
Due to complication ~~in~~ in mismanaged
in home delivery of birth. According
to UN world population report
2019 women ~~1 to out of 100000 die~~
maternal giving birth secondly,
~~unawareness of health on rural~~
women. They are unable to
say their problem with others,
which make situation complicated.
According to Shokist Khanum
Report 2023 every year 83,000
cases of cancer are reported in
which 40,000 women die due
to negligence. This is a big
problem that are faces by women
are provision of transport. Health
center are at distance. They are not
allow to go alone. due to harassment
case, For instance, about 50% cases harassment
Report in bus stop (Aurat Foundation)
which prevent women to go alone
outside. Next come with lack of

medical facilities in health care centers
limited beds, lack of staff in
maternity centers causes suffering
for women for instance delivery
of babies in Rikshas shows the
health condition in Pakistan.
Moreover, lack of family planning
due to lack of awareness it is
considered use of birth control pills
illegal in Islam which affect women
health. 85% women are anemic
in South Asia, in which 50% are
Pakistani women. According to
World Anemia Survey Report 2019,
most of the women are anemic
in pregnancy, lack of nutrients
and medical facilities. In addition
to families, wants more baby
boys which cause the reason of
forced abortion. They feel rejoiced
with boy birth and mourned
during abortion. Inadequate equipment
are used which affects women
health badly. For instance HIV

hurdles on women empowerment
They also cause depression and
health issues. Dr. Sharifa Yoon
Sheikh Sahid Hospital tells about
girls age 15-35 are affected with
hepatitis during pregnancy they are
not aware from it. Another report
of scholar shows that about 45% girls are
at the danger of child marriage which leads
serious consequences

The most important are medical cultural norms

Next come with low
representation of women in
media firstly cultural norms are
not allow women to work
in media. According
to world survey on journalism
women journalist are only 35%.
The world according to
IWMF report because society
Patriarchal mindset. The are

women are inferior its also
the reason of inequality of

women in society.

Male character

Sports

Next women's low representation in sports. It is also biggest decline of society. Games are good for women's mental health but due to society's restriction they are not taken in part. For instance, dancing, playing sports in ground instead of supporting girls. People comment their dress or figure. Moreover, their wages are too low that stops the women's participation in same. For example, the champion of FIFA world cup man's income is \$35 million while girl's is 2 million which is 33% less than man. This difference shows clearly discrimination between men and women. In addition to female faces bullying on ground. According to famous female players, they talk about the misbehaviors of coaches or even lower staff during
