Introduction:

No doubt, Pakistan is a development, progress country because: pink salt, agricultures, sport things football e.t.c are export in other other countries and continuous journey toward progress.

Recently, In 2020 Covid-19 times. Pakistan face many problems. Demand increase and supply decrease in our country. This time lock-down in all institutes and manage all the work in online. but the Pakistan cannot leave the hope. and manage all the things in this time.

In Conclusion, if the Pakistan are more hardwork then they fastly towards the progress. if they make more institutes. (hospitals, educational, companies e.t.)

They make equal law and orders. and apply without discrimination. they make good relation with other countries. and signed the agreements, Contract of withdrawal the partnership. Lastly if they given the vote of right person. then the Pakistan are more development, progress country.
