Totroductory Paragraph.

Paragram is our country it has many
Problems we need to fix them me can do
it if we work to gether me need to make our economy strong, improve our Schools, and encourage new ideas me need to fix our roads, make heath care and have an honest government we should most with noishboaring countries and save the environment it me do these things, Pakistan will be a better place, we mill have jobs, good eduction, and healthcase The need to more to getter to make it happen The need to create Jobs, improve education System, and promote new businesses. It will Speed to grow out country people are unhappy, but we have a hope in can make a new pakistan an be 8tes Pakistan we have glot of besources Just no fathlise have to utilize their.
