

NAME: ALEENA SOHAIL

BATCH NO.: 056

Date: _____

Day: _____

Brainstorm, draft the outline, and form the thesis statement for the following

"Pathways to Pakistan's success".

Brainstorm

- * Pakistan's current economic, social and Political development.
- * Importance of identifying pathways to propel the nation forward.
- * Need of Industrialization & diversification in context of economy beyond traditional sectors eg. Agriculture, focusing on technology, Industrialization and service industries.
- * Strategies to attract foreign direct investment eg. Improving ease of business, reducing bureaucratic hurdles & creating special economical zones.
- * To open the way for unemployed citizens by introducing Small & Medium Enterprises (SMEs) promoting economic growth and highlighting the need for supportive policies.
- * Need of modernizing infrastructure eg. Roads, railways, ports and airports to boost trade & mobility - provide example of IFL.
- * Need of reliable & sustainable energy sources eg. solar, wind & hydropower to improve quality of life & industrial growth.
- * Need to evolve digital infrastructure, in fostering innovation and entrepreneurship.
- * Importance of Quality education & improvement of standard at all levels from primary to higher education.
- * Need of educational programs that equip the workforce with skills relevant to modern economy.
- * Need of universities and research institutions in driving innovation and technological progress.
- * Importance of strong governance, transparency, anti-corruption measures in gaining public trust & attracting investment.
- * Need for inclusive policies addressing social inequalities & promote gender equality.
- * Importance of the role of democratic institutions & processes in ensuring stable & effective governance.

- * Impact of climate change in Pakistan and need for adaptation strategies to mitigate risks.
- * Importance of addressing the presence of natural resources and promoting sustainable practices.
- * Need to understand the benefits of hiring fresh graduates e.g. bringing new perspectives, energy, innovative ideas.
- * Explain why unpaid can be demoralizing & exploitative and exploration of its negative impact on young talent & thus contributing to the economic potential of Pakistan.
- * Encouraging funding to employers to create entry level positions or government-funded programs that provide training & mentorship.
- * Importance of International Exchange programs to provide Pakistani graduates with exposure to global best practices to enhance skills & employability.
- * Reducing brain drain by providing meaningful job opportunities and prevent them from seeking work from abroad that happens due to lack of opportunities or/and reliance on unpaid work.
- * Role of employers in Pakistan's progress by valuing & hiring fresh graduates further leading to the betterment of Pakistan's economy.
- * Encourage employers to see the potential in fresh graduates, offering fair wages, and opportunities for growth instead of unpaid work to pave the way for a more prosperous & progressive Pakistan.
- * Pathways to progress summarization & present a vision
- * Encourage policy makers, civil society, & citizens to work together to achieve the proposed pathways to progress.

Date: _____

Day: _____

OUTLINE :

①

INTRODUCTION

- (i) ~~The importance~~ (i) Current state of Pakistan
- (ii) Need for progress.

②

Economic Growth & Development

- (i) Industrialization & Diversification
- (ii) Foreign Investment
- (iii) SME's

③

Infrastructure & Connectivity

- (i) Transportation & Logistics
- (ii) Energy Infrastructure.
- (iii) Digital Infrastructure.

④

Education & Human Capital Development.

- (i) Quality Education
- (ii) Vocational Training & Skill Development.
- (iii) Research & Innovation.

⑤

Social & Political Reforms

- (i) Governance & Rule of Law.
- (ii) Social Justice & Inclusivity.
- (iii) Strengthening Democracy.

⑥

- (i) Climate Change Adaptation
- (ii) Environment Conservation.

⑦

Challenges for fresh graduates impacting economy & growth.

- (i) Employing fresh graduates
- (ii) Reducing unpaid work
- (iii) Supportive policies for Youth Employment

⑧

International Relations & Global Partnership

- (i) Regional Partnerships
- (ii) Global Partnerships

⑨

Conclusion

- (i) A vision for Pakistan's future
- (ii) Call to Action.

INTRODUCTION

Pakistan, a country rich in cultural heritage & natural resources, stands at a crucial juncture in its history. Despite facing numerous challenges since its inception, Pakistan has the potential to transform into a prosperous and stable nation. Understanding the pathways to Pakistan's success requires a comprehensive examination of various factors, including economic development, political stability, educational reforms, and social cohesion. By identifying and implementing strategic measures in these areas, Pakistan can pave the way for a brighter future for its citizens.

THESIS STATEMENT: This essay explores the key pathways of Pakistan's success by analyzing the essential roles of economic growth, political stability, educational advancements, and social unity. Through targeted reforms and strategic investments in these domains, Pakistan can overcome its current challenges and achieve sustainable development and prosperity.
