Punctuated and Capitalized Paragraph

On Wednesday, April 5th, the Mayor of New York City announced a new initiative to improve public transportation. The plan includes expanding the subway system, adding more bus routes and increasing bike lanes in the city center. In his speech Mayor Williams emphasized the importance of sustainable transportation options. "Our goal is to make it easier and more convenient for residents to get around without relying on cars." He said, the initiative will be funded by a combination of City state and Federal grants. Construction is expected to begin in early 2024 and will take several years to complete. During this time, the city will also invest in upgrading existing infrastructure to ensure that it meets modern standards. Residents are encouraged to participate in a community meetings to provide input on the project details, more information can be found on the city's official website.
