

Q China, Pakistan - Russia Cooperation will find suitable support mechanism in (SCO) Shanghai Cooperation Organization. Elaborate

Ans Introduction:

It is the significant milestone in history of Pakistan to become the permanent member of Shanghai Cooperation organization.

Its credit goes to ~~over~~ ^{our} all weather friend, who accepted request of Pakistan for becoming permanent member of Shanghai Cooperation organization. This Cooperation will play a vital role in Pakistan economic growth and to help Pakistan to curb terrorism. This platform can be also proved crucial in solving the long standing issue of Kashmir between India and Pakistan.

1) Shanghai Cooperation Organization is great platform for further strengthening ties between Pakistan, Russia and China :

Inclusion of Pakistan to Shanghai Cooperation Organization is a great mile stone. Now Pakistan have very appropriate platform to address his issues to the region and the world. The advantages of this platform are following.

a) Pakistan - China and Russia
Further Strengthening of ties

It will further strengthen ties between two friendly countries. S.C.O will also prove beneficial for CPEC which is the game changer for Pakistan. In context of Russia with Pakistan it is more important as both countries relations in the past was not too good, especially when it was USSR. So from this platform both will come closer ~~to~~ towards each other.

b) Kashmir issue can be resolved by this platform:

The long standing issue between two nuclear powers can also be resolved by this platform if the Russia and China especially Russia who ~~also included~~ added India in this organization pressurize India to come to dialogue

table and solve your issue by mutual agreement. Because both are nuclear powers and every time they are on the verge of war. Dialogue is the only solution to Kashmir issue.

"A study conducted by German University in which they emphasize if India and Pakistan go in to nuclear war it will kill around about 100 million people more than any war fought in the history of the world."

2) A door to natural gas reserves which is depleting in Pakistan

Pakistan which its natural gas reserves depleting day by day can get access to Turkmenistan which have the fifth largest reserves of natural gas in the world.

Already a project is under discussion between Turkmenistan, Pakistan, India and Afghanistan. On the name of TAPI gas pipeline. SCO member countries needs to pressurize India and Afghanistan for safe completion of project, without any hurdle.

(d) Wheels to Pakistan slow moving economy:

Majority of CAR's (Central Asian Republics) are the members of Shanghai Cooperation Organization and they are also landlocked.

By this platform trade between those countries can be increased, and by giving access to them to warm waters, it is the shortest route for them to connect with middle east and European markets.

The prosperous Pakistan:

By Shanghai Cooperation organization trade between Central Asian republics will be boosted, which will be also beneficial for Pakistan in term of Industrialization, Infrastructure development and for providing jobs to unemployed citizens of Pakistan.

Conclusion:

To conclude it, Shanghai Cooperation organization no doubt inclusion of Pakistan to it is the great milestone in the history of Pakistan. Being a permanent member of this organization it will help Pakistan to come further close to Russia, which relations with them is not good in

the history. In fact this platform can also play a role to solve the long standing issue between India and Pakistan of Kashmir. Prosperity of Pakistan in context of Economic growth, Industrialization, Solving energy crisis can also be done by this platform.
