

PASSAGE:

“The internet has revolutionized the way we communicate and access information. With the click of a button, we can connect with people around the world, share ideas, and stay informed about current events. This instant access to vast amounts of information has both positive and negative implications. On the positive side, it allows for unprecedented global connectivity and the democratization of knowledge. However, it also raises concerns about privacy, misinformation, and the potential for online abuse. As we navigate this digital age, it is essential to strike a balance between the benefits and challenges posed by the internet.”

PRECIS:

Title: **An era of digitalization**

Internet has made it possible to connect people and provides information swiftly. But it has opened the new doors of digital crimes. So, in this era of digitalization, management of digital threats is necessary
