	THE ESSAY-
N	
	(1) INTRODUCTION.
	Efforts
1	Imagine a country investing years
\$	of resources and effort into educating
	it's brightest minds, only to watch
	it's brightest minds, only to watch them board plants for distant
	shores, taking their tatents and
	potential with hem. This scenario stark reality
	isn't hypothetical, it's the stark
	reality of borain drain, a phenomenon
	draining nations of their reture.
	Brain arain involves The 1585 of
2	human capital including professionals
	such as doctors, engineers, scientists,
	academics, and skilled workers.
	Brain drain 3 églobal issue, appe-
	cting both de cloped and developing
	countries with significant migration
9	flows from less leveloped regions to
	more developed ones. The causes
b	of their drain are economic factors,
è	educational provunities, political
0	educational portunities, political instability or lack of governance, propessional developments and quality
2	propessional developments and quality
