

Hamas has started its attack on Israel in October, 2023. What are the implications of this war worldwide?

Hamas Attack:

On October 7, 2023, Hamas has launched attack on Israel. The attack can be broadly divided into two categories. Hamas has launched air strikes by its rockets and short-range missiles. Also, its sea Hamas fighters entered the Gaza's border. 200 paramilitaries are also entered into Israel. These fighters attacked the military checkpoints and bases. These fighters also attacked the 'Tent City' and airports. 230 hostages to Gaza.

PALESTINIAN GENOCIDE:

As a result of Hamas attack on Israel, Israel has launched ground in Gaza. Hamas has killed 2200-4400 Israel's but Israel killed 22000 Palestinians. 9000 injured and 1.6m displaced from North to South of Gaza. No of buildings were also destroyed or partially damaged. Israel had done it by attacking with bombs, tanks, missiles.

EXPANSION of WAR:

Hamas has built tunnels of around 250-500 km in Gaza. Israel

has launched its ground attack in
Gaza but are reluctant to go into
the tunnels because of major surprises
set by Hamas. The major example of
this is the Vietnamese tunnel war fought
between the Vietnamese guerrillas and
the US army. US army was defeated
because of major attacks / surprises
by the Vietnamese guerrillas. Snakes,
bats, secret, are waiting for them

APPLICATIONS WORDS:

1. IRAN UNDER ATTACK:

Hamas, Hezbollah and Hezbollah are
the proxies of Iran. Iran has supported
all the three proxies with artillery
short range missiles. All the three proxies
are active against Israel. If US & Is-
rael attacked the Iran then there
is greater than chance of resolution
of Iran. And ultimately the war
will expand.

2. BLOCKING TRADE IN RED SEA:

Hezbollah are attacking the
US warships in the Red sea. As
a result Israel and US has deple-
ted a large naval fleet in the
Red sea particularly concentrated
in the Strait of Hormuz. It den-

there more than 88% of trade occurs. Also of the war is expands the grain then there is greater possibility that grain will block the start of them because of its military presence there.

3. HALTING ARAB-ISRAELI TALKS

As a result of Hamas-Israel attack there is a greater chance of halting the negotiations with the new Arab League. Abbas, Arafat, and Hamas started discussing their relations with Israel. Saudi Arabia has also halted its negotiations with the Israel.

4. CELEBRATING GLOBAL POLITICS:

US has reiterated its support to Israel. US has provided Israel with warships, some ships in great every single week by US. As a result of this attack and Arab League has started discussing its relations. Egyptians, Palestinian presidents has refused to talk. Sudan put the Anwar al-Bashir to war for 2 hours.

5. RUSSIA and CHINA soft downer

- China and Russia initiated to solve this conflict on two state solution formula - At the same time both countries refused to clear the status a terrorist organization. This shows their soft corner with the Muslim world.

6. BENEFIT TO RUSSIA:

Hamas attack on Israel has done a favour to Russia. As a major power, Russia has started giving its stance. US has deployed major part of its army to fight against Hamas. As a result the US Congress did not approve a support package for Ukraine. Benefiting Russia to advance more in Ukraine.

7. NEW WAR FRONT

US has not enough militarily capable to open a new war front against China. The military and financial support to US is largely consumed in Ukraine and Syria. As it is not military and economically feasible for us to open a new war front.
