When the self-created conflict of Palestine was presented before United Nations before resolutions, this universal organization while accepting the self-determination right of Palestinian people proposed the solution, itself. Two-state solution was

proposed (suggested) for Palestine conflict. However, the resolutions passed for this purpose had been constricted since last ~~to~~ seven decades

↓ from implementation
On the contrary, Israeli troops dance attendance on America and are killing unarmed and naive palestinians ~~since~~ till today. Moreover, Gaza has been annihilated in ~~the~~ two and half year months of continued war. In this war, Israeli troops along with America's

assistance have martyred more than 20,000
Palestinians including women and children. And no
shelter has been available for those who survived.
Furthermore, they are now succumbing to death
due to the scarcity of food and medicines.
