

Hamas has started its attacks on Israel in October, 2023. What are the implications of this war worldwide?

Give the main heading first Start with the introduction of the answer

### HAMAS ATTACK:

On October 7, 2023, Hamas launched attacks on Israel. The attack was broadly divided into two main phases. Hamas has launched all attacks by sea, air and land. Hamas fighters crossed the Israel-Egypt border 200 paratroopers all the way into Israel. These fighters attacked the military checkpoints and bases. These fighters also attacked the 'Yom Kippur' celebrations and captured 23 hostages in Gaza.

### PALESTINIAN GENOCIDE:

Relate your headings to the qs statement

As a result of Hamas attack on Israel, Israel has launched ground operations in Gaza. Hamas has killed 1400 Israel's and Israel killed 29000 Palestinians. 70000 injured and 1.5m displaced from north to south of Gaza. 90% of buildings were destroyed or partially destroyed. Israel did it by attacking with bombs, tanks, missiles.

### EXPANSION of WAR:

Hamas has sent tunnels of arms 250-500 km in Gaza. Israel

has conducted its ground attack in  
Guam. US are reluctant to go into  
the tunnels because of major surprise  
no by them. The major example of  
this is Vietnamese general war fought  
between the vietnamese guerrillas and  
the us army. us army was defeated  
because of major attacks / surprise  
by the vietnamese guerrillas. In  
major combat, are waiting for them.

### DUPLICATIONS WORLDWIDE:

#### 1. IRAN Under ATTACK:

Iran, Haifa and Haidhab are  
the power of Iran. Iran has supported  
all the three powers with artillery  
short range missiles. In the three parts  
are directed against each of us. In  
call attacked the Iran then there  
is greater than chance of initiation  
of war. And ultimately the war  
will expand.

#### 2. BLOCKADE

US warships are attacking the  
US warships in the Red sea. At  
a small Israel and US has deple-  
ted a large naval fleet in the  
Red sea particularly concentrated  
in the Strait of Hormuz. Red

there more than 331 of trade  
routes. Also if the war expands to  
the Iran then there is greater  
possibility that Iran will block  
the Strait of Hormuz because of its  
military presence there.

### 3. HALTING ARAB-ISRAELI TALKS

As a result of Hamas-Israel attack  
there is a greater chance of halting the  
negotiations with the Arab League. The  
Arab League wanted US, Bahrain,  
UAE, & Jordan has started damaging  
their relations with Israel. Saudi  
Arabia has also halted its negotiations  
with the Israel.

### 4. CHANGING GLOBAL POLITICS:

US has reiterated its support  
to Israel. US has provided Israel  
with weapons, naval fleet and intelligence.  
Every single hand developed in Gaza  
is provided with by US. As a result  
of this attack long time countries  
has started damaging its relations  
with Israel. Masrains President has  
refused to talk to the Biden. The  
Iranian Govt has also put the  
Arab League to wait for a time.

### 5. RUSSIA and CHINA soft corner

- China and Russia retreated to solve this conflict in two steps: selective formula - at the same time both countries refused to clear the Hamas a jihadist organization. This shows their soft corner with the Moslem world.

### 6. BENEFIT TO RUSSIA:

Hamas attack in Israel has benefitted to Russia. As a major beneficiary of Ukraine - Russia has started revisiting its stance. US has deployed major part of its army to fight against Hamas as a result that US congress did not approve a support package for Ukraine. Benefiting Russia to advance more in Ukraine.

### 7. NEW WAR FRONT

US has a not enough military capacity to open a new war front against China. The military and financial support of us is largely consumed in Ukraine and Israel. It is not military and economically feasible for us to open a new war front.
