Main Body

"Better a brain drain than a brain in the drain." (Rajiv Gandhi)

Brain drain is neither a new issue nor is it a fully settled one. Developed countries are dealing with it successfully, whereas the developing nations are still struggling. Unfortunately Pakistan is one of them. The main causes behind brain drain are financial causes, social issues, religious and gender attacks, administrative loopholes and administrative and Political issues. These causes have a disastrous effects on the economy of Pakistan. Moreover it also creates

family gap, death of intellectuals, increase in illeterate and low skilled Population unless this issue is Properly addressed, the issue can't be handled. The causes of brain drain are not descended from heavens but they are man-made so serious and honest efforts are needed to crub this Problem. so, the main aim is to discuss the causes and consequences of brain drain.
