## Paragraph:

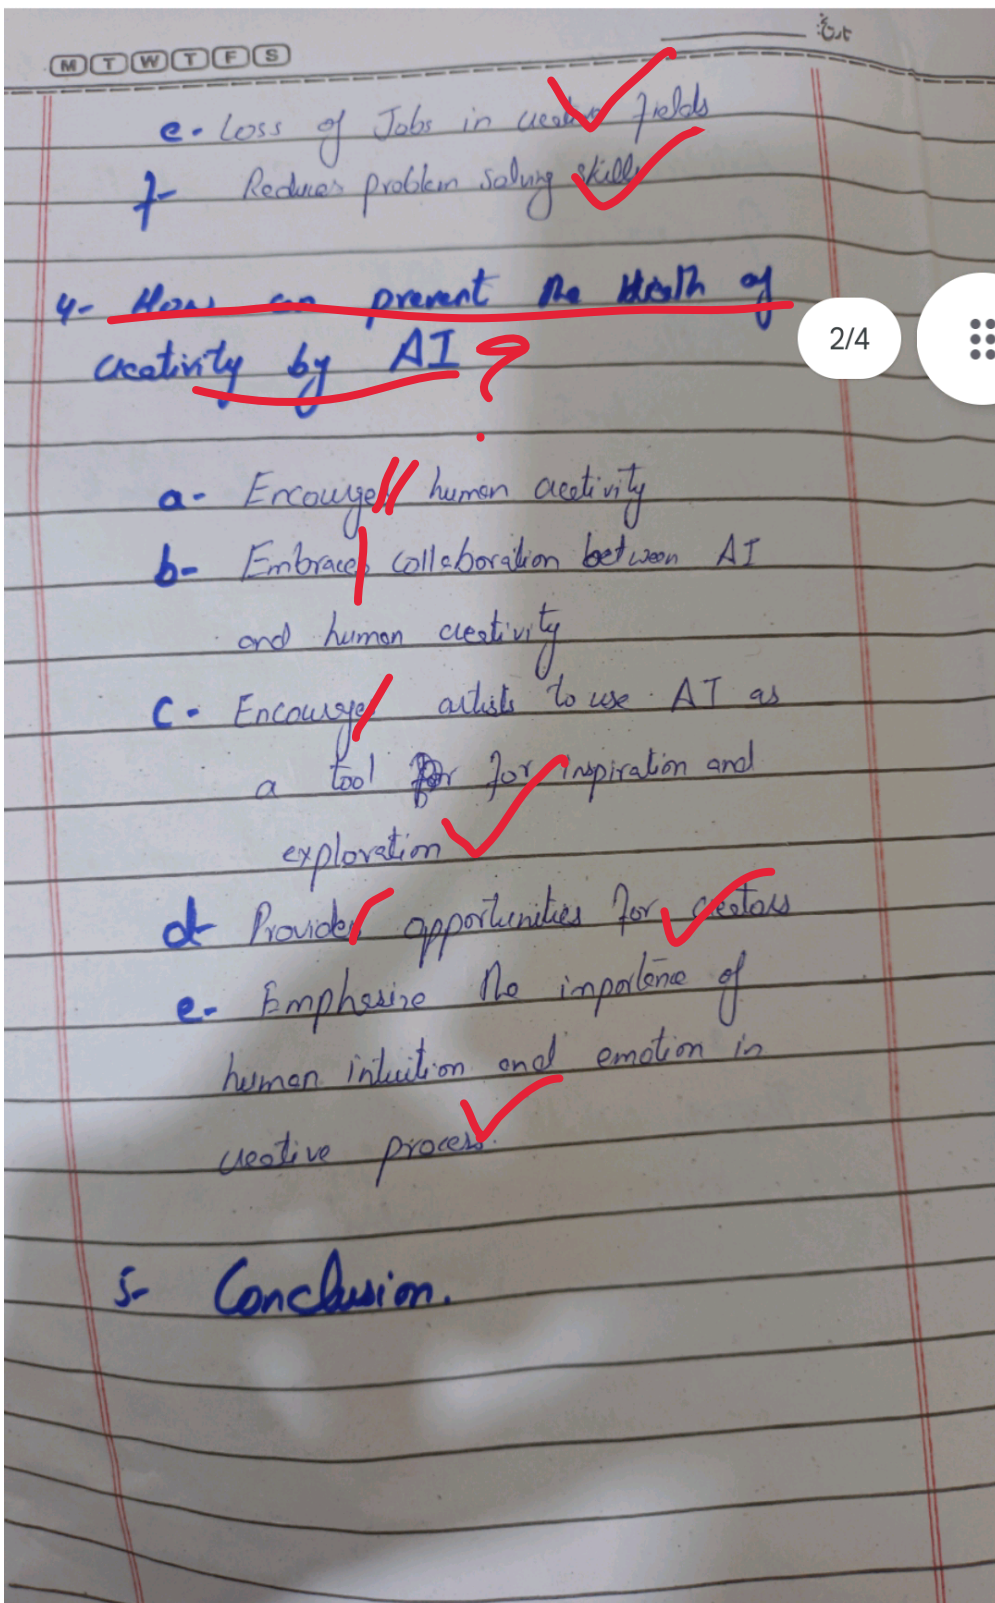

Income inequality poses a big challenge for national economy in a globalized world. The gap between rich and poor ~~income~~ <sup>has</sup> widened, ~~political instability~~ and ~~economic inefficiency~~. Due to this, people are involved in many crimes like corruption etc. and consumer spending are also ~~decreased~~. Income inequality <sup>has</sup> become the reason of lower economic growth rate and higher level of poverty. For instance, in US 1% of earners hold a disproportionate amount of wealth compared to rest of population. This ~~has~~ <sup>to</sup> led a decrease in purchasing power, resulting in lower economic growth rate. Therefore, in a globalized world income inequality ~~becomes~~ a challenge for national economy.
