## Introduction paragraph for PMS (Punjab) Essay

"Inflation destroys savings, impedes planning and discourages investment. That means less productivity and a lower standard of living?" (Kevin Brady) It means that price hike is worst of all worries. In Pakistan, it has become more problematic for its people. There are numerous reasons for this as it is a superior factor which weakens the confidence of people over government. Politicians face severe criticism due to increased prices of goods. Basket of goods becomes inaccessible for lower classes. This reduction in purchasing power slows the economic growth. It also affects education of poor children. There are several factors which are the reasons behind this headache like increase in taxes and increase in the demands of goods etc. Government can provide relief to the

people of Pakistan by increasing the production of goods and decreasing the government spending. This problem can also be mitigated by the advancement of agriculture sector. In a nutshell, price hike ~~has~~ in Pakistan has become worst of all worrior. It includes several factors as increase in demands, government spending and weak monetary policies. But government can ease the problems of its people by increasing the production of goods, decreasing government spending and by the advancement of agriculture sector.
