

NAME: SYED JAWAD

## TOPIC-1: SUPARCO

Having successfully launched its first lunar exploration icube-Q, SUPARCO, a national space agency of Pakistan, has been still suffering from the malaise of lower funds in the annual budgeting which is not only hampering the research & innovation but also stifling the fabric of geo-strategic security.

## TOPIC 2: What if Dance could Save the world

Walking, Running, and Jumping — this trio of dancing, serving as a panacea to countless diseases, has been rapidly decreasing the mortality rates globally which is paramount in saving this world.
