Islamabad: Freeze, thaw deceits
Islamabad has a splendid climate pattern, extended over four different seasons. In addition to, the spring season is most colourful and has pleasant aroma. However, the weather these days is fluctuating between the cold breeze, chilly nights and dazzling day sunshine. The cool breeze of Muzee causes chilly nights but the dazzling heat cause people to struggle in freeze, thaw deceits of weather. Arguably, the weather is considerably played by human activities. Consequently, the abrupt changes in weather are not favourable for pleasant ending.

Poverty

Poverty is a curse inflicted upon the humanity. The controlled circulation of wealth and resources cause the vacuum and a hike of inflation leading the masses to poverty. Nevertheless, the resources are ~~not~~ adequate to fulfill the necessity. ~~In spite~~, the unequal and unjust distribution and apartheid uproot the poverty. The stakeholder play the resources and keep their hand upper for their capital. Thus the accumulation of wealth and resources unjustly inflicts the poverty upon the humanity.
