---

As a child, I remember my grandfather telling me about her journey from a small village in rural Pakistan to becoming a successful businessman in the city. His story of difficulties, hardworking and patience has always inspired me to believe in the power of progress and the importance of build your own pathway in life, fortunately Pakistan also has that path and we need to walk on that path. Every politician must know the importance of Pakistan progress ~~are~~ and work on it. find its solution likewise Education system need

Date \_\_\_\_\_

improvement, expelled cheating culture, promoting skills based learning, Government announced more Scholarships, increase teaching staff, providing subsidies to industrial sector and ~~tax~~ tax collection, promoting tourism, improve infrastructure, investment on tourism spots <sup>until and</sup> unless these issues will not addressed. Pakistan progress can't be beneficial for us.
