5. Conclusion.

To explore hidden realities

History is the best teacher of ~~today's~~ realities. It is a robust source of learning and improving. Whatever is happening in ~~our~~ world surroundings connects to <sup>the</sup> past and its background. For instance, the international order and the foundations ~~of~~ <sup>is</sup> the OTIO ~~Comprises~~ <sup>Comprises</sup> of Sovereign and Structured System which was ~~derived~~ <sup>derived</sup> by the Structured history in the shape of European ~~in~~ <sup>in</sup> thirty years war: treaty of westphalia. To prove that world order ~~based~~ <sup>based</sup> on the given the historical structure. Moreover, history also complies with ~~an~~ the many social, political, economic and moral events. Revolutions and their leverage ultimately changed the world ~~and~~ <sup>and</sup> different wars, proxies and conflicts participated the structured reality in the history. To add to that globalization, religions and laws are being monitored in reference with history and its

Again such lengthy sentences do not carry any significance

reality. Today's global community pursues the treaties and agreements which are backed by the structured reality of history. However, history moulds the facts accordingly in on-spot scenario of the world such as modern crisis. Thus, history is a pure like water which can not be split without the understanding of its essence in the modern ~~order~~.

### Conclusion.

History belongs to facts, realities and lessons which it may still cause to change the world dynamic disparity. Events which are emerging deliberately link to the historical reality. Laws, human revolutions, science and technology are the basic foundation of the structured reality which is was under the shadow history. It turns more linkages to the world in terms of cultural

and civilized changes. Such as Islamic, and Chinese civilization and cultural values. Most probably, history gives rise to the understanding of uneasiness and conflict in world which are at burning approaches. Such South China ocean, Palestine, ~~Lebanon~~ and Philippines. Therefore, it constructs the future of event through reality that happened in the past and its influence exist so far.
