\*~~~~~\*

It doesn't matter from which religion, genders, colors, gens and race, language and even region the are -

What is got? Pakistan was emancipated

Pakistan got the freedom in the series of Islam and Muslims, where Muslims want to live peacefully. Allah says in Quran that Islam is the deed of peace, ~~and~~ freedom, and equality, ~~so that~~ are all the people are equal which are living in Pakistan, it does not matter from which religion they are. There is equality in everything such as business, trade, agriculture, land

This does not make any sense

and other things in Pakistan is not going on the vision which was seen by Quaid-e-Azam for us due to the unstable circumstances which was created by our politicians and those who have the power.

Such long sentences do not make any sense

this power that is the reason we are not stable economy in the world but we our country had alot of natural and mineral resources that are enough to boost our economy.

Pakistan got the independence on August 14, 1947, by facing a lot of challenges and by sacrificing millions of Muslim lives. Pakistan got independence in two parts which are as Western Pakistan and Eastern Pakistan (Bangladesh), due to incompetency of our politicians and powerful establishment we lost the Eastern part of Pakistan (Bangladesh) in 1971.

Behind there is Western Pakistan which consists of 4 provinces: Sindh, Punjab, Balochistan and KPK, after some time they increase separate the province of Gilgit-Baltistan of Kashmir and other one is FATA (Frontier Areas of Tribal Federally Administered Tribal Areas) of Pakistan.

The area of Pakistan is  $796,095 \text{ km}^2$ , in which Pakistan's largest province is Balochistan which consists of area about  $347,190 \text{ km}^2$  and smallest province of Pakistan is KPK which consists of area about  $101,741 \text{ km}^2$ . Pakistan's capital is Islamabad which

which consists of area about 906 km<sup>2</sup>.

Pakistan is the fifth largest country by population by 240 millions and had many other religions. There are a lot of people lived in Pakistan. There is a lot of cultural activities happen in Pakistan by the different cultures of people. In Pakistan people lived free and go to their temples and other religious places without any restriction. Every people in this

time, free to celebrate their cultural activities. Pakistan had the second highest mountain K2 whose height about 8611 meters. Pakistan produce a lot of agricultural crops seasonally and used it for their usage and exportation for other countries. Therefore, almost 70 languages spoken in Pakistan, from the National language of Pakistan is "URDU" which is spoken by every person in Pakistan.

Pakistan is facing challenging from its independence by its neighbouring country India, because India would not want to see the prosperity of Pakistan. India is the opponent

of Pakistan from independence; India interfering in every issue of Pakistan further it is internationally or National level. India is the opponent country of Pakistan in Kashmir issue which is the main reason behind the

adversary of each country for do them Pakistan fought almost four to five wars with India. There are a lot of terrorism challenges faced by Pakistan

and still facing from the ~~west~~ western - north bordered country (Afghanistan) which creates instability in Pakistan due to which Pakistan's economy effected by the terrorism through which no any foreign investor wants to invest in Pakistan and other is effected area is the tourism which is also the boosting source of economy because Pakistan have the a lot of natural beautiful places and historical places such as Moen-jo-daro which is 4000-5000 years older and northern areas of Pakistan which are best ~~tourist~~ tourist points.

In current situation Pakistan is
