## Afghan War : a Miracle

Soviet-Afghan war can be called as a marvel in Pakistan's history. After the war, Pakistan successfully tested its nuclear power and also got economic aid from U.S for jettisoning USSR out of Afghanistan. This also brought prestige for Pakistan. ~~India~~ America provided Pakistan with modern defence technology. It is also a miracle for the reason that Pakistan saved its ports from Soviet Union (Russia). The conflict of Durand line with Afghanistan was also solved, as it was internationally considered a border after that, by UN. Pakistan also secured its sovereignty to be halted by India, after proving itself powerful enough to expel super power like Russia out of Afghanistan. Therefore, the war is no less than a wonder.
