Title : Teacher-Child Interaction

In modern era, it is ^{rephrase this sentence} consider good to not involve with children. And less value to their company. If one has liking for children like pet, ^{they who??} they accept your advice with little resistance. But if one tries to involve them for better future, they are not grateful for it. However, they show interest in selfless company. Such type of teachers have ability to interrupt in children freedom when it is necessary. Unluckily, over burden^{ed} teacher do not have such type of selfless liking for children. Despite their hard-work teachers face strict discipline which results in irritation. There is no role for naughty children if friendliness exist. At this time, one's take right decision, through it children feel good. However, kindness guide better than rules.
