In Islamic theology, tawheed resonates with the concept of accepting it with heart that absolute oneness rests with only Allah. Emphasizing that He is one in his

Believing that Allah is the sole creator and sustainer of this whole universe.

Allah is devoid of any comparison, resemblance, partnership. He is unique of his virtues. There is <sup>no</sup> one like and won't be ever. He is the one who is eternal. He hasn't birthed anyone nor anything is being birth by Him. He is the soul creator to be worshipped and to whom we are accountable here and hereafter. He is Ilah (singular - wahid). He is unique and indivisible. Thus tawheed is the very essence of Quran and Islam.

Tawheed // Indivisible // Incomparable // Incomprehensible

## Aspects of Tauheed (Islamic Monotheism)

### a) Singularity of God's Being:

Unity in a person of Allah demands one to believe that there is one God (Allah) who is smoothly running this universe.

(Al Anbiya 21:22) لو كان فيهما الهة الا الله لفسدوا

"If there had been in them (the heaven and earth) other gods beside Allah, they surely both would have gone to ruin"

If there would be multiple gods than they would have disagreement with one another and this universe would have collapsed.

"Are Sundry Lords better or Allah, the one, the Supreme."

### b) Tauheed: Unity of God's Attributes.

To believe that there is no duality between attributes of Allah and His essence. He is the only one who possesses divine eternity, knowledge and power.

لقد خلقنا الانسان في احسن تقويم

"Indeed we created humans in the best form."

There is none but Allah who masters everything whether to be the sole creator of his creature or to be the worshipped one. He created human in the best possible form.

خلق الانسان من عصال والفتار

He created man from clay like the potter.

He is the one who is not unique to His attributes and deeds.

### c. Tauheed 'Unity in God's Actions:

فعال طایرید

'And your Lord is the doer of what he intends to do.'

Allah is the sole owner of throne who has (wahdaniyat) in his actions. There is no God but Allah can do anything he wants.

انما امره اذا اراد شيئا ان يقول له  
كن فيكون

"His command is only when he intends a thing that he says to it. 'Be' and it does" (Surah Yaseen)

### i) Broaden the horizon of vision:-

Tauheed helps to see universe as a world to discover. The one who created and expanded whole universe orders to explore and even if one ponders upon the expansion of whole universe, one finds uniqueness of Allah that he is the one who effortlessly arranged everything.

### ii) Fostering Self respect and self esteem:

Concept of tauheed fosters self respect as one will never

never bow his head to anyone but Allah who is the provider and sustainer. This way self esteem remains uplifted because one doesn't need to knock down different doors. So Allah will not pardon those who associate partners with him as they look upto others for their needs except Allah. It is regarded as Shirk. And verily  $\text{ان الشرك لظلم عظيم}$

**Have faith in Allah and never associate partners to him.**

Touheed augments self esteem and respect in eyes of Allah.

Nor a white has superiority over black or black is superior to white except for his piety and righteousness.

“And indeed, we will (come to) know the truthful and indeed we will come to know the liar”. (19-21: 17)

### iii) Tauheed embellishes equality and Harmony:

Tauheed favours that all people regardless of age, gender and status.

Allah promotes equality and harmony among them as they all are equal servants of Allah.

واعلموا انكم جميعا لله عبيد

"And hold firmly to the rope of Allah together and do not become divided"

All people are equal in eyes of Allah. There is no evidence of any discrimination.

Humanity is single family of God. This sense of equality and brotherhood creates sense of harmony by uttering channelling harmony and peace in society.

'O mankind, worship your Lord, who has created you and those before you, so that you may become righteous.' (2:21)
