The human beings are in fear of God. They communicate with the sovereign God. The knowledge of the presence of God is a straight path for believers. In ancient Greece the nature of presence of God was art of sign and signals of the presence of God. God reminded himself to the human beings on different ways like, ~~by light flashing, roll of~~ all thunders or singing of birds. Also God observed ~~every~~ things which are occurring in the universe but, in some circumstances God spoke directly or the God sent his messages through his Prophets. It is evident that all things are operated by one God because each oracle has properly organized and maintained by the only one God.

Human beings wanted to know God's wish.
