

ENGLISH PRECIS & COMPOSITION

TEST # 2

Q1: Comprehension:

- 1- According to author, when there is a demand to take immediate action on an incomplete evidence and to draw conclusion in advance and also there is no certainty ~~there~~ about the scientific based calculation, is when belief plays an important role. This does not make any sense
- 2- The author claims justification for his belief in scientific method is that the actual events show the firm foundation to belief rather than conviction of certainty accompanying belief which is more likely to mislead than it guarantees the reality. Break this sentence into short one it does not convey any meanings
- 3- The conclusions reached by the scientific method are not considered final because it is a slow process and it assists new researchers, ~~to~~ enable them to develop new interpretations that give rise to different conclusions.
- 4- According to author, the scientific method is necessary to get abandoned where there is incomplete evidence and to take immediate decisions where calculation by scientific method are rigid to set place.
- 5- The intuitive judgment is differ on the basis of certainty as we cannot always remain certain we must proceed with faith in the existence of certain realities.
