

## Translation 2022

Every era brings many such ~~things~~<sup>issues</sup> with it which are not liked by anyone, but have to be accepted. Sometimes nature may put many things in front of us which do not mean to us ~~and~~ nor we have any relation with ~~them~~ but still we have to make it part of our life. The same is going on today. Every century brought such changes with it which were newer in comparison with previous centuries. <sup>The development of</sup> Natural sciences and arts have given a lot to man that can be considered as the waste of scientific and economic processes. Nature gives us fruits but at the same time it makes us responsible to dispose of its peels. If this is not done, the pollution of the environment increases.
