English Precis and Composition

Q. Make a precis of the following passage and suitable title.

Technology's Impact on Education

Technology has changed education by improving access, communication and teaching methods. Education is now available to more people through online resources. It has removed limits, allowing global interaction and teamwork beyond classrooms. The teacher's role has changed from being the main source of knowledge to a guide, helping students learn independently. Schools and universities are redesigning classrooms to support teamwork and active learning. Technology has made education more modern, creative and open to everyone. It continues to improve how people learn, making it easier and more interactive for all.
