

# "Impact of Globalization on Traditional Values"

## A. Introduction

## B. Impacts of globalisation on Traditional Values

1. Local languages and literature tend to lose their value.

Point in study: English Language in south Asia.

2. Misleading cultural adaptations leading to sort of identity crisis.

Case in Point: Macdonalization of society.

3. Techniques of Parenting are no longer based on traditional ways.

Case in Point: Pakistan.

4. Transitioning towards nuclear families instead of joint family systems.

Case in Point: Census 2023 reports

56% people residing in nuclear households.

5. Domestic markets facing massive losses in lieu of better and cheaper available options.

Case in Point: Textile Industry almost shutdown in Pakistan due to high demand for Chinese cloth.

Bilateral relations extended between states regardless of religious barriers.

Case in Point: - Saudi Arabia and Abraham Accords.

- UAE accepting/recognizing Israel.

Globalization instigates

interest of youth towards technological advancements/inter-state competitions.

Case in Point: IT sector development in Pak.

8- Preference of youth to move to foreign countries for better opportunities.

Case in Point: India.

9- Rise in inter-state marriages, regardless of ethnic, religious differences.

Case in point: 20% rise in contract marriages in Canada.

10- Increase in cross-border extremist sentiments due to threat perception of indigenous population.

Case in point: Sikh murder on Canadian soil; on-going controversy.

C. Conclusion.
