

## Final Draft

## Cherokee: An Attractive Tour Destination

The author was looking for an exciting and peaceful place as his vacation destination, last May. He happily accepted John's suggestion of visiting Cherokee. They reached Qualla Boundary, a town of Cherokee, which was presenting a paradise view. With its crafts, lifestyle, and outdoor games; it represents Cherokee. Locals guided them to souvenir shops. Nearby the shops, Tepees were fixed. George, an English-speaking, warmly welcomed and invited them to lunch. He told them about his profession and informed that Cherokees utilize other means of income along with trade, such as Bingo weekends. It attracts the people through games. Thus, entertainment is their lucrative source of income. Lastly, they visited a museum presenting a wide range of arts and crafts. <sup>upon returning, the</sup> ~~the~~ author missed the Cherokee and decided to <sup>choose</sup> ~~check~~ similar location as next tour destination.

It is a common perception that a country's law and an individual's freedom are opposite to each other. Apparently, it is not wrong. Each law implements some restrictions on <sup>the</sup> citizens. The more the number of laws, the more the collective restrictions. The freedom of an individual is suppressed under the weight of excessive restrictions. Contrary to it, if number of laws are less, the circle of individual's freedom is wide.
