

Précis # 2

Question

Write a précis of the following passage and suggest suitable title:

Understanding Causes of Terrorism

The attention given to terrorism is in contrast to the real harm it inflicts on people. There are no proper investigations on terrorism till date. However, it could be regarded as minor blotch to civilized world. Famous opinions often highlight terrorist acts not only on basis of terrorist outrages, but claims they imply. It operates on basis of moral faults with no command on self-control against state. Furthermore, attempts to discover causes of terrorism seems to be unrealistic. The prevalent cause labeled by few people against terrorism is to kill and injure people, on which many disagree. Hence, there are no concrete causes of terrorism as it is a moral phenomenon, which needs moral solutions.
