The Essay

Education is the most powerful weapon which you can use to change the world

(Nelson Mandela)

Education is the knowledge and development resulting from the process of being educated. It has made man cultured and civilized without education, man would have been worse than the wild beasts. All the equipment of ease and entertainment is due to education it is one of the most important requirements for any society. It is how human knowledge is passed on from generation to generation. Assessment challenges faced by the academic institutions instances of cheating during online exams prevalent, with students finding ways to circumvent proctoring measures this undermines the credibility of assessment.
