

Sudanese Civil War.

Civil war in the Sudan created a difficult environment, that country is facing a lot of terrible political instability. Since the 1956, this is the independence. He is faced with many problems, such as political instability, economically. ~~After~~ when he governed on the South area and a part from the Northern area. In the Northern areas many religious conflict got and also civil war between the Sudanese Armed Force and Sudanese Armed Force, that war made despair in the nation, so finally that nation was divided into ^{two} parts. In 2011. Similarly many people displaced from the country, those people around 10 million displaced in the present time.
