

Topic: Artificial Intelligence has : 6/5

overstepped its bounds

A. Introduction

a. Evolution of Artificial Intelligence (AI)

b. Artificial Intelligence revolution

Plz write thesis statement

~~c. Thesis statement~~

B. How Artificial Intelligence (AI) has overstepped its bounds

i. AI brings privacy concerns

Relevancy is key to success

a. over 2200 data breaches recorded in previous year

Manipulates

ii. AI manipulate human decisions

iii. AI patterns used as a tool for discrimination

iv. Massive job displacement

v. Overdependence of human over AI technology

vi. AI limits human creativity

vii. ~~Weaponization of AI machines~~

~~a threat to humanity~~

viii. ~~AI deep fakes affected~~
~~human identity~~

ix. ~~AI posed existential~~
~~threat to humans~~

C. ~~How to Regulate AI Technology~~

i. ~~Limiting AI usage~~
~~for ethical purposes~~

ii. ~~Developing International~~
~~regulatory body~~

iii. ~~Promoting AI usage~~
~~to benefit society~~

D. ~~Conclusion~~
