### ACADEMIC PARAGRAPH STRUCTURE

(Sub-heading: Globalization increased some economic dependencies.)

Topic Sentence	Globalization has increased <del>some</del> economic dependencies that can have some negative effects.
Explanatory or Reasoning sentence	Now, most of the countries have become reliant on their necessary imports therefore, leaving them vulnerable to supply chain disturbance, political tensions, price fluctuations, etc.
Supporting Point (1)	This dependency can undermine local industries as cheaper foreign goods flood domestic markets and make competition difficult for local business. Additionally, economic downfall or price-hike can quickly spread from one country to another as the economies are interconnected.
Example (1)	For example, COVID-19 in South Asia has increased inflation and throughout the world trade, investments, etc. policies have been changed.
SP 2 (optional)	
Ex 2 (to be written if SP2 is given)	
Concluding Sentence	As a result, <del>globalization is</del> weakening local economies and national resilience and increasing economic dependence.
