# Climate change: Causes and consequences

Outline

1. **Introduction**

   Thesis statement: Climate change is a global issue which is caused by social, political, Economic, Environmental and cultural factors and also show devastating consequences in all these described areas.

2. **Causes of climate change**

   2.1 Social causes

   Points under discussion: population explosion, solid waste, weapons and warfare, consumerism and materialism.

   2.2 Economic causes

   Points under discussion: Industrial Revolution, Agricultural Revolution, Urbanization ~~This is a social phenomenon~~

   2.3 Environmental causes

   Points under discussion: massive deforestation, Green house gases emission, enhanced green house effect, Ozone layer depletion.

   2.4 Political causes

   Points under discussion: Insufficient climate policies,

Economic growth prioritized over sustainable environment, Global inequality and climate justice issues.

2.5 Cultural causes

points under discussion: Traditional practices and habits, social norms and Resistance to change, Lack of sustainable education

3. Consequences of Climate change

3.1 Social consequences

points under discussion: Threat to life. Refugees problems, Water scarcity, Food scarcity, Threat to coastal population ~~around~~ the globe.

3.2 Economic consequences

points under discussion: Agricultural loss, Damage to infrastructure, health costs and displacement costs.

3.3 Environmental consequences

Points under discussion: Sea level rise, Disasters, Biodiversity loss, Extreme weather events, ocean acidification.

3.4 Political consequences

points under discussion: political instability, conflicts over resources, strained international Relations

3.5 Cultural consequences

points under discussion: loss of traditional environment,

loss of homeland, shift in cultural values.

4. **Solutions to mitigate consequences**

    4.1 Reducing the emission of GHGs

    4.2 Increasing global forest cover

    4.3 Promoting sustainable transport

    4.4 Promoting Islamic Environmentalism ??

    4.5 Appreciating eco-feminism

5. Conclusion

Keep practicing on different themes to bring further maturity in your arguments
