considered relegion to be a justified ourse	Considered religion to be a justified course

Leaders are accountable Deople in modern times, so they the objectives are completely lecturer at Iran Nagorno port for Armenia Stating the innocent and the oppressed Jy using religion

Therefore, morlown wars are not holy wars. They are power - centric and they aim to achieve their interests States use religion for supporting their proxies. Furthermore, states use deception in wars to acquire power in modern times. In adolption, states Often use religion to justify their wars. Not only this, but states also use religion to fulfil their notional interests in modern times. Moreover, ho untile holy wars, modern wars aim to attain technological Supremacy. Additionally States want to become powerful which is contrary to what & happened in holy wars In modern times, holy wars have become obsolete. Also, economic interests are the prioritized in modern wars Most importantly, modern wars are sought for trulding narratives

globally Lastly, holy wars did not

prioritize information warfare like

modern wars. Thereby holy wars

have become obsolete was the

correct world current world order compels the States to prioritize their security. Peligion is only used as a tool Letigion is only used us a states to gain public support and prestige which have become a custom in the international system.
