

100 words:

Precise 2008. ~~Precise 2008~~

Topic: Coordinated activity and organizational objectives.

Precise:

Objectives of an organization should be in line with the demands of mankind. In this process, a number of organizations conduct preliminary studies and set their objectives accordingly. Subsequently, physical and meaningful acts create utility in organizations. This utility results into inducible cooperative system. With the advent of technology and growth of industrial organizations, cooperative activity has grown tremendously. It

necessitated formation of hierarchy of objectives in the form of divisions in management systems. The impactful implementation of the hierarchy of objective enhances the efficiency of organizations. In a nut-shell, management is based upon the setting up objectives and coordinated activity to achieve them.
