

# Why Nations Fail:-

Introduction:-

Outline:-

Lack of education and its opportunities

Less awareness about their political rights

Corrupt political elite and political instability

Poor economic conditions (Inflation)

No job opportunities

Poor law and order conditions

Corruption and mismanagement of

Less focus on nation building

Neglecting the potential of youth

Bad infrastructure

Dis-integration among nation

Molana Jumi saying on nation failure

Injustice by the courts and nation

among themselves.

Not proper utilization of natural resources

Nation which is in double debt

No separation of powers among branches

of government

Interference of institutions in each

others work

Misappropriation of funds in govt

departments and in government itself

Nepotism and favoritism instead of

Meritocracy

Extreme national film

Poor relations with neighbouring  
countries — Border conflicts

Ethnic disputes and intolerance

When the nation and its people keep  
on focusing traditional practices of economy

Not focusing on digitalization

When they don't focus on utilizing their  
cultural heritage to bring tourism

Brain Drain

Unskilled workers

Over population and massive  
urbanization

Relying on imports rather than  
producing or manufacturing local  
products. No trade opportunities — export.

Environmental Degradation

More placed priorities

Health crisis and lack of medical  
staff

Censorship and no civil and  
political freedom

Gender inequality

Neglecting Agriculture

Unstable currency

Trust crisis

No Futuristic Leadership

Conclusion:-
