

General Paragraph writing:

Economic changes of Pakistan:

The finance minister of Pakistan, Anwarul Karib Khan presented a report to Asian Development Bank for acquiring loan of 1.5 billion dollars. In this report he also highlighted the economic challenges facing by Pakistan's economy. High fuel price, is in top in the list that enhance the economic issues in Pakistan. Pakistan's major industries operated by fuel directly or indirectly. Secondly, the inflation is also an important challenge to Pakistan's economy. The current inflation rate in Pakistan is 15.02% reported by world Bank. The high inflation hindered the economic activities in Pakistan and become to cause of another problem, the poverty. Poverty is 3rd in the list which harm the Pakistan's economy. Poverty cause the many social problems as rise in crime, rise in gender violence and social disharmony. So, the Pakistani economy facing these problem which can counter through pragmatic solutions.
